

All About Me

Everybody is different and unique in their own way. Decorate the body with hair and clothes to look like you, and then fill in the facts about your body.

My name is: I am years old.

Measure the circumference of your head with a tape measure or a piece of string.

My head measures:

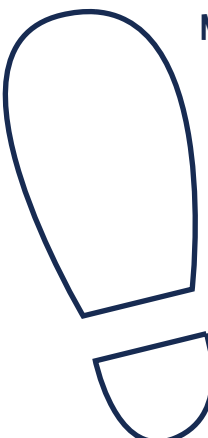

The colour of your eye depends on how much pigment melanin you have in your iris.
My eye colour is:
.....

The length of my nose from bridge to tip is:
.....cm

Did you know?
The human arm is made up of 3 bones; ulna, radius and humerus. Although, knocking your funny bone is not so humorous...

My foot iscm long.

Some say the length of your foot from the tip of your toes to your heel is the same size as your forearm. Test it out!

I can hold my breath for seconds

Measure your hand span and the length of each finger. Are any lengths the same?

I amcm tall

Shoe size

I weigh kg
