CAR SNOOKER

Can you spot cars the same colours as the snooker balls?
Play as follows and count up your points. Compete to get
the highest score for added challenge.

Spot a white car and then a red/coloured car to 'pot' the ball. You should pot a red before a colour until all 15 reds have been potted. Then try to pot the colours in the correct order (as below), spotting a white car before each one in order to pot the ball.

Red - 1 point
Yellow - 2 points
Green - 3 points
Brown - 4 points
Blue - 5 points
Pink - 6 points
Black - 7 points

Tally up your potted balls in the table (right) and then work out your total points at the end.
