

Christmas Card Templates

Cut out the dashed box and fill the cut out window with decorated Christmas items from the next page (or your own drawings) to make a Christmas window scene. Place a coloured piece of paper on the inside of your card, behind your window scene, before writing inside!

Christmas Card Templates

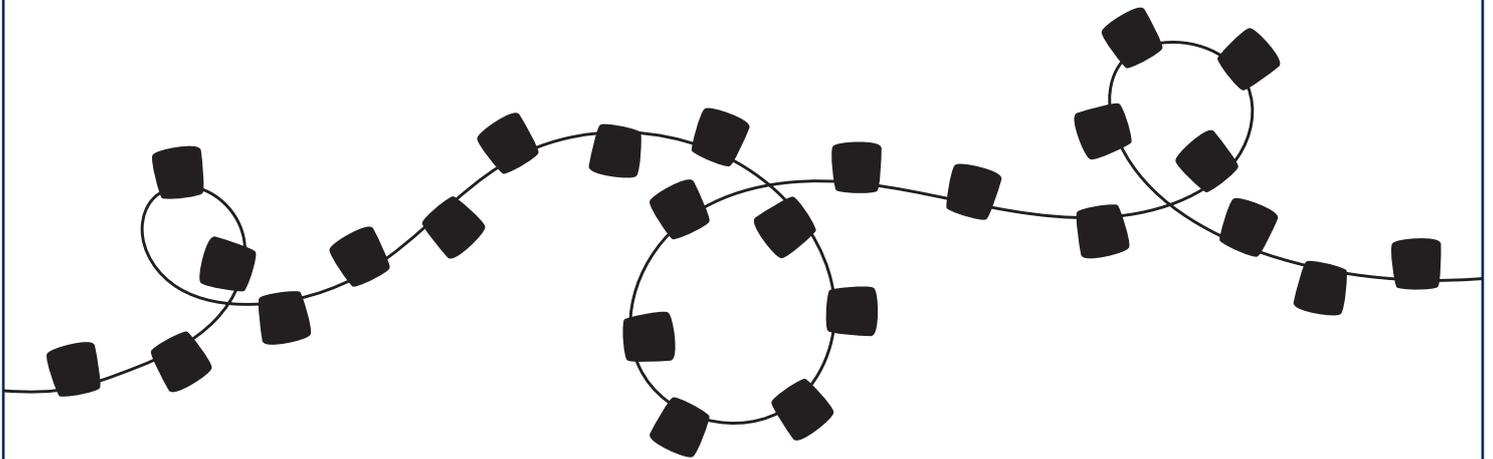

Colour in, decorate and cut out the Christmas items below. Use them on your own plain card template or in the window scene Christmas card above. These are only ideas of the items you can decorate your Christmas card with! Why not draw your own festive objects?!

Christmas Card Templates

Paint colourful finger prints next to each black square like a set of Christmas lights!
