

# Fruit Slice Corner Bookmarks - Page 1

Use our template to make or design your very own fruit slice corner bookmark. You'll never lose a page again!

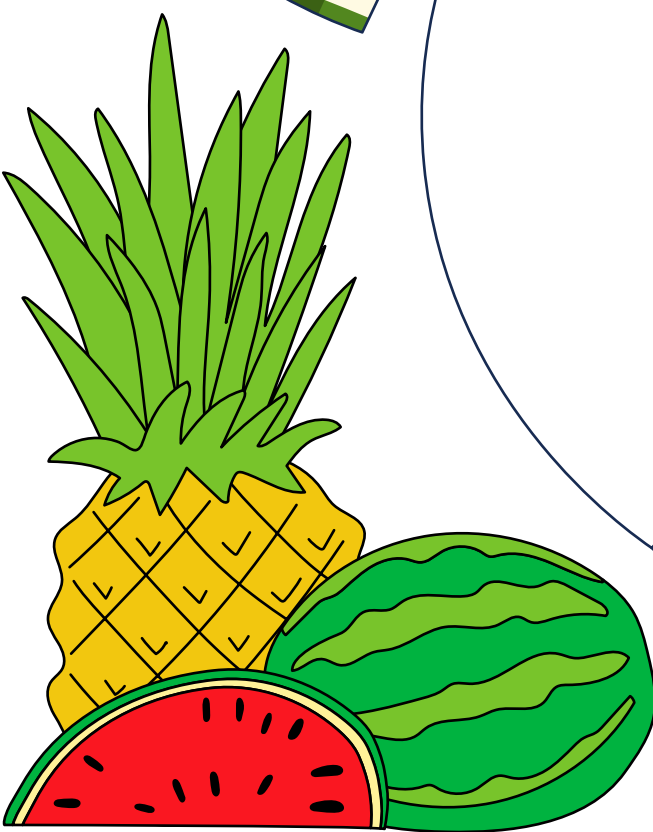

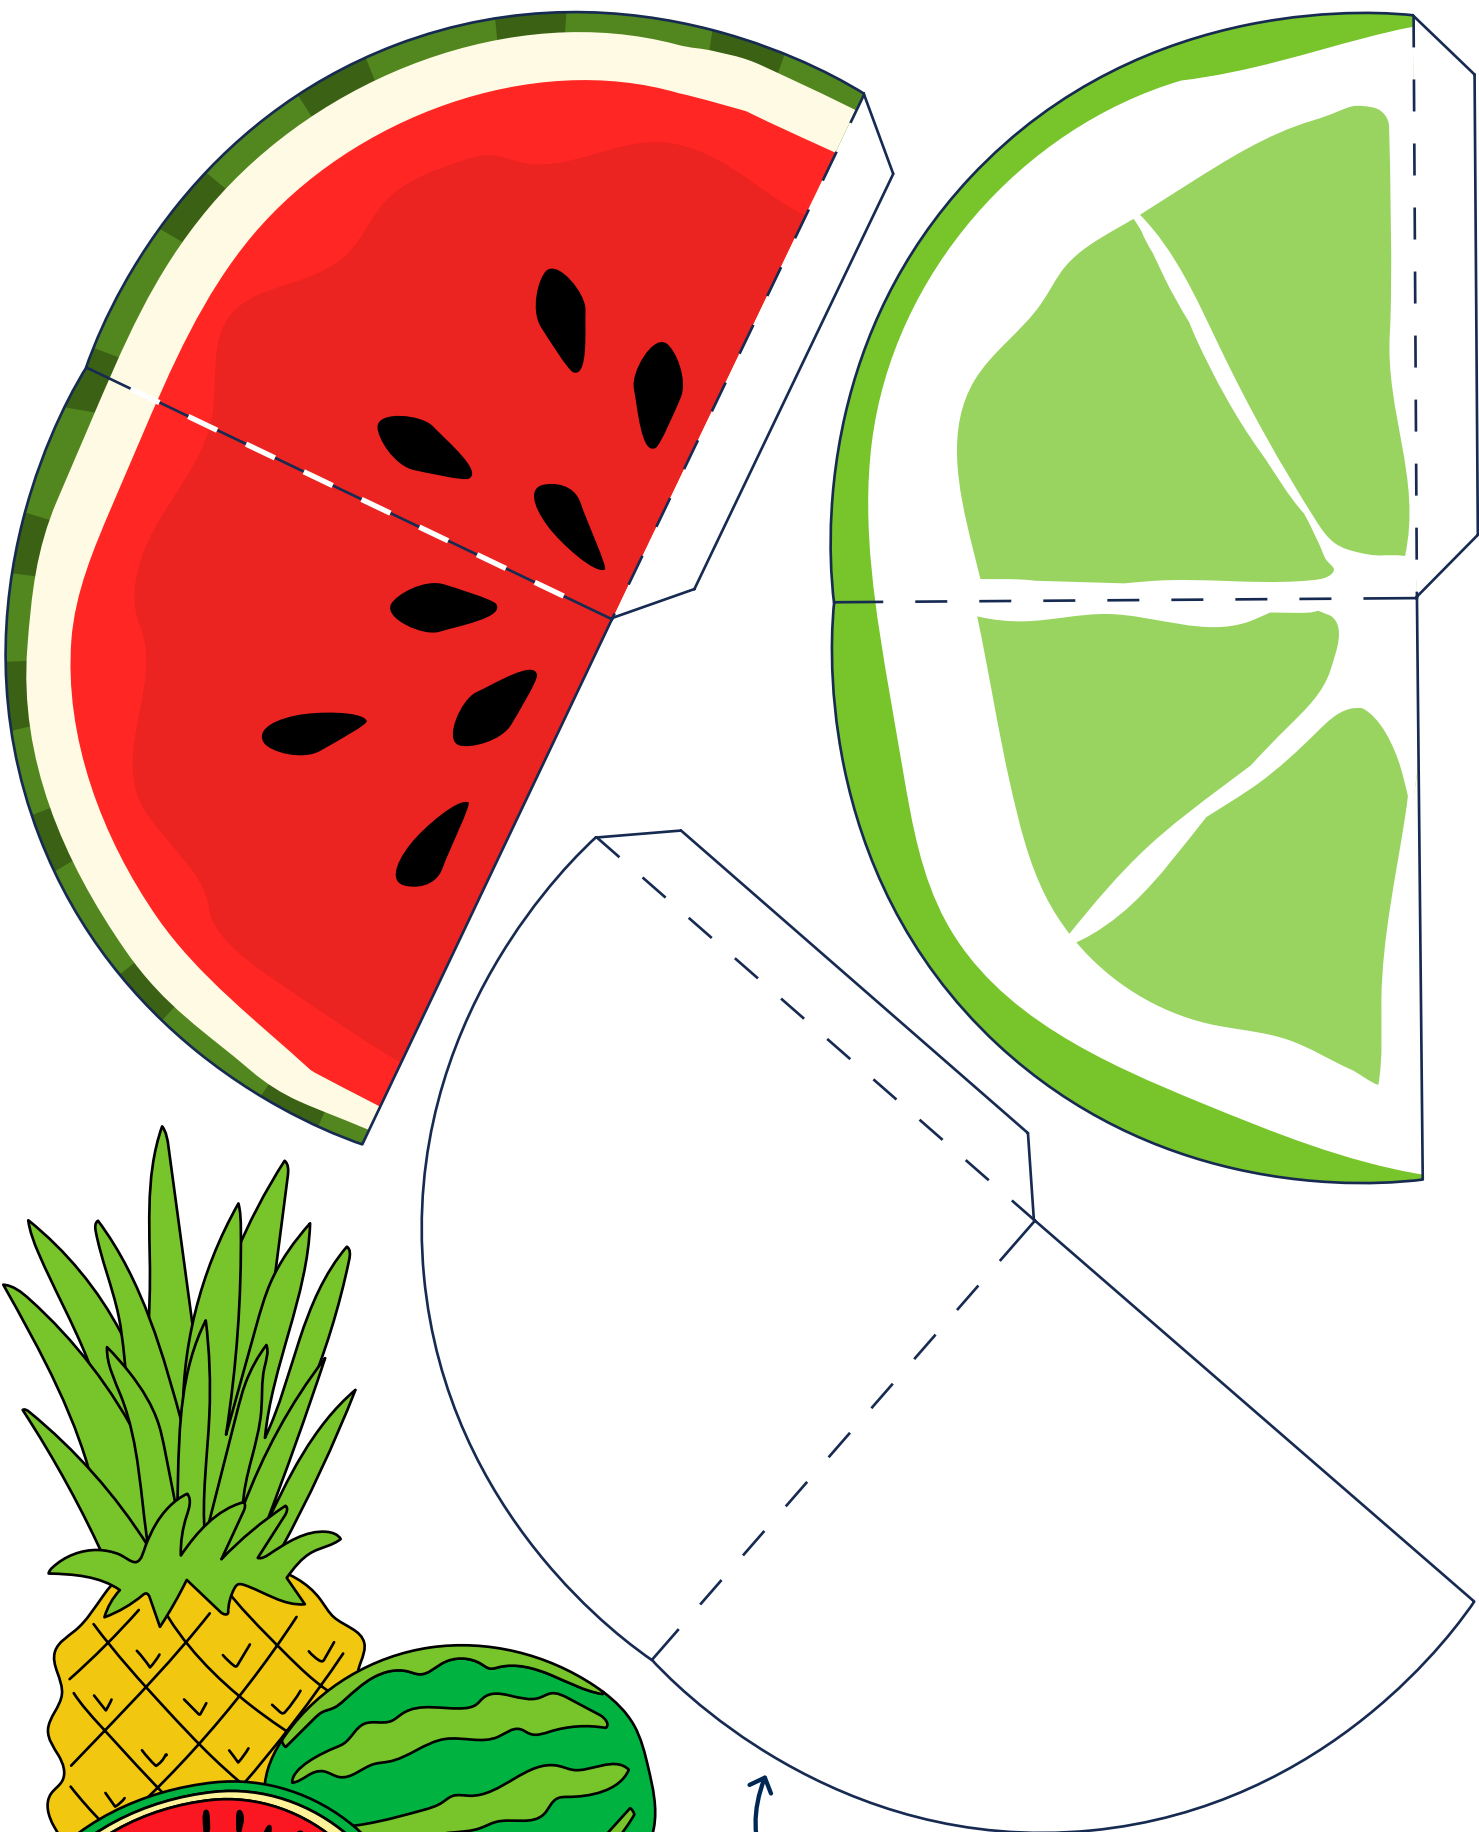

## How to make:

1. Print out this resource sheet on card.
2. Cut around the outside of the templates (the solid lines of each fruit semi-circle).
3. Fold along all of the dotted lines.
4. Glue the white tab on the left quarter to the straight edge of the right quarter.
5. Place your bookmark on the corner of your page so that you don't lose it!
