Good Deed Tree

"On our own, we cannot end wars or wipe out injustice, but the cumulative impact of thousands of small acts of goodness can be bigger than we imagine." ~ Queen Elizabeth II

Grow your own Good Deed Tree and grow as an individual too.
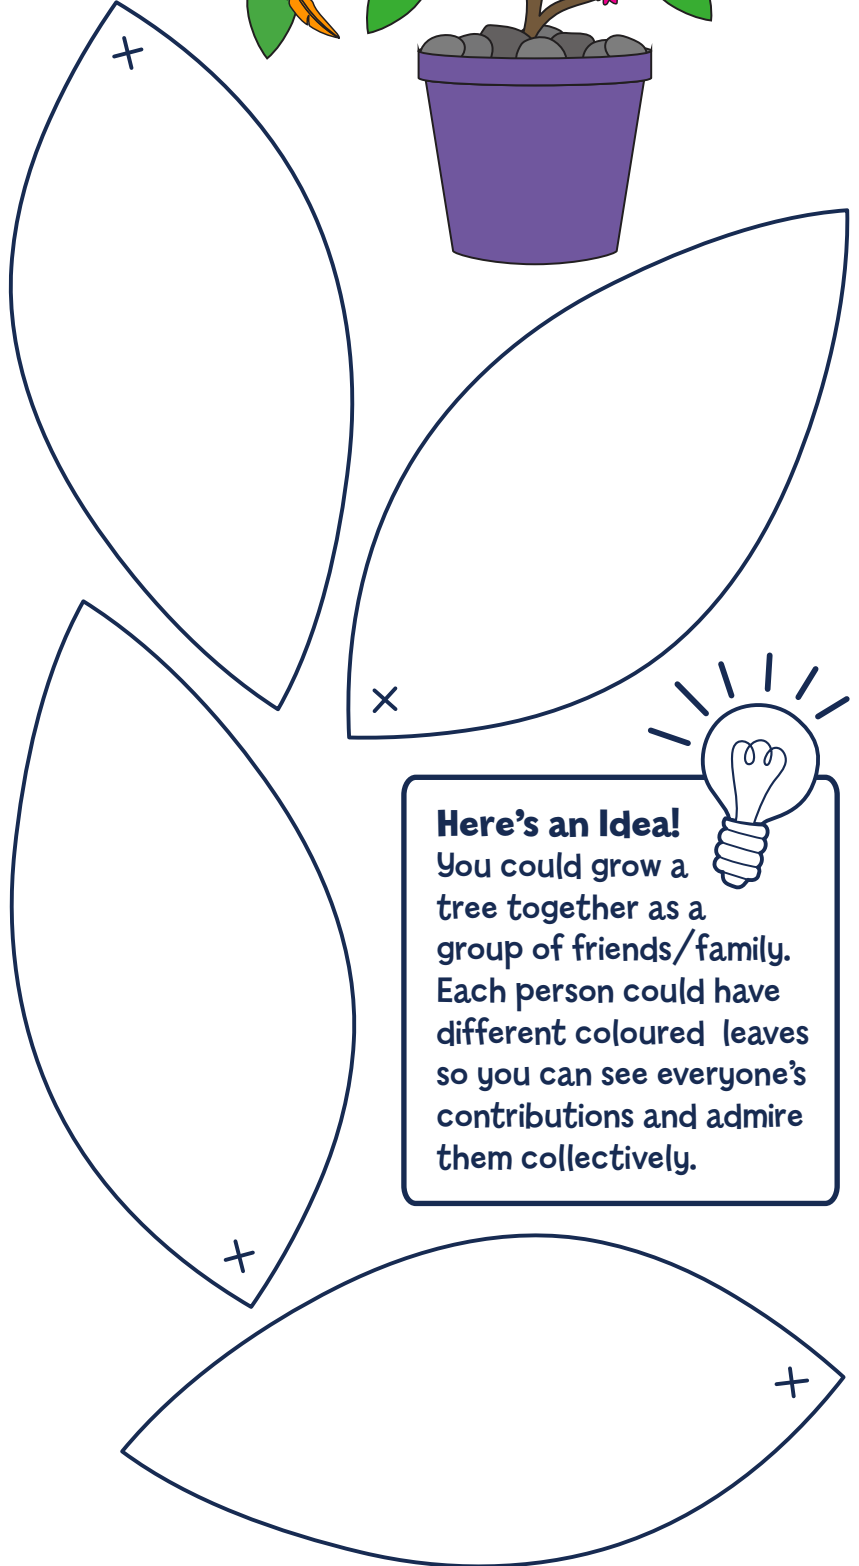

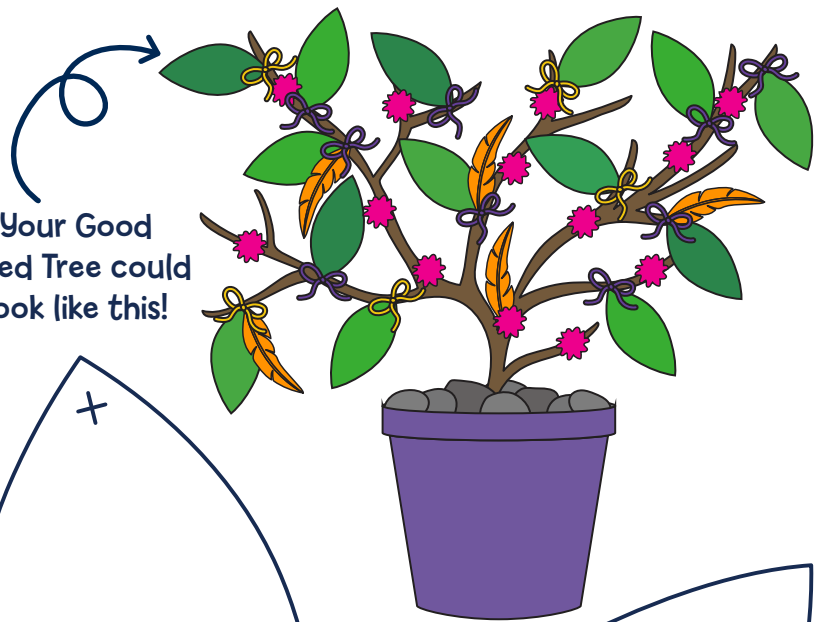

Your Good Deed Tree could look like this!

What You Need:
- A plant pot
- A small branch
- Pebbles or stones
- Scissors
- Hole punch
- String/ribbon
- A copy of this resource printed on to thin card/thin card in various colours
- Decorations: paint, feathers, pompoms, coloured yarn or ribbons (optional)

To Make Your Tree:
1. Place your branch in your plant pot and secure with pebbles to stop it falling over or wobbling around.
2. (Optional) Decorate your branch, wrapping coloured yarns/ribbons around it and adding pompoms/feathers, etc.
3. Cut out the leaves from this resource or create your own leaf shapes from thin card.
4. Hole punch each leaf at one end and thread through a short length of string/ribbon.
5. Write on a leaf each time you do a good deed (at the end of each day is a nice time to reflect).
6. Tie/hang your leaves on your branch and watch your Good Deed tree bloom!

Here's an Idea!
You could grow a tree together as a group of friends/family. Each person could have different coloured leaves so you can see everyone's contributions and admire them collectively.

Don't forget to share your makes and tag us in your photos @PawprintFamily on Facebook and Twitter or @Pawprint_Family on Instagram using #AdventureForAll
