

# Greetings Card Crown Template

Recycle your leftover cards and give them a new life as some crafty headgear.

Choose which size of pentagons you'd like and cut the template out: the smaller the pentagons, the more points your crown will have, but just use one size per crown for the best effect. Think about which area of the designs you would like to see in the pentagons as you cut them out with your template, then fold each one in half with a valley fold.

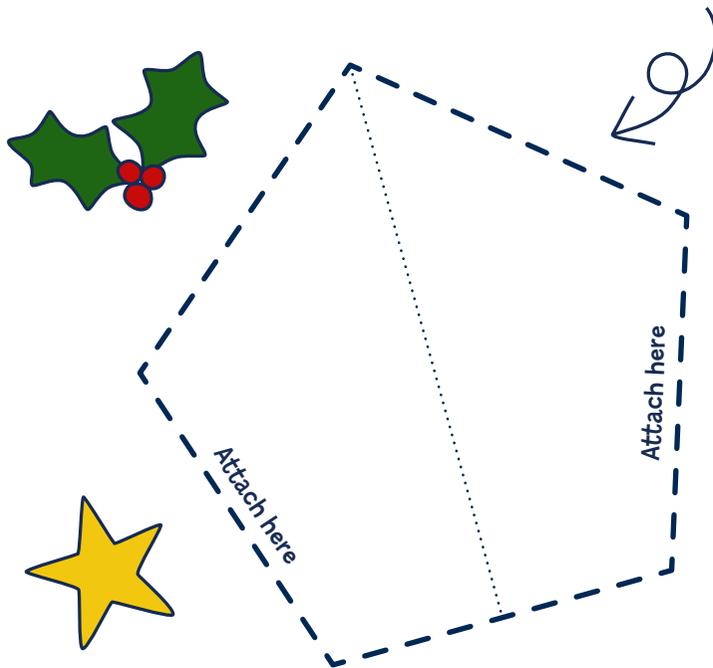

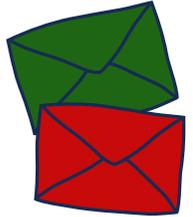

## You will need...

- 1 printed copy of this template
- Stapler, double sided tape, glue dots, or a glue stick
- Leftover Christmas cards, or cards from another occasion
- Scissors

1. Cut along the dashed line

2. Fold along the dotted line

3. Staple or stick the pentagons together along the labelled sides, keeping to the edge so the concertina can expand around your head.

Attach here

If you glue all over, you'll make a pentagonal bauble!

## Here's an Idea!

After Christmas, why not wear your crown for New Years Eve or save it for next year's Christmas Dinner? Alternatively, you could wear your crown for your Birthday party or at any other special occasion.
