

Mini Pizza Box

This one can't be topped! Print and cut the pizza box net below onto paper or card. Cut out the box first and then decorate before assembling with glue or tape.

To Make Your Box:

1. Once printed, cut along all solid lines.
2. Fold along all dashed lines.
3. Glue the small tabs with pink spots to the back of the long tab with a pink spot.
4. Do the same for the orange spotted tabs and the blue spotted tabs.
5. Fold the tab with the green spot inside the box and glue down.
