Music Challenge: Organise the Orchestra

.....

You will need:

- Cards (see following pages)
- Printer
- Thin card or paper
- Scissors
- Colouring pens/pencils
- Laminator (optional)
- Glue
- Cereal box/similar

To Make Your Cards:

1. Print your chosen set of cards on to thin card or print on to paper and glue on to cereal box for strength.
2. Laminate (optional) to protect them so they can be reused.
3. Cut the cards out.
4. Repeat for the number of teams you have to create one set per group.

There are several ways to play with your orchestra cards, here are a couple of options for you.

Option 1 (ideal for individuals):

- Hide the cards around the space so they have to be found first.
- Race against the clock to put the cards together correctly.

Option 2 (perfect for large groups):

- Lay your cards out upside down at one end of the room. Mix sets to make it more challenging.
- Relay race to gather cards and put them together as quickly as you can.

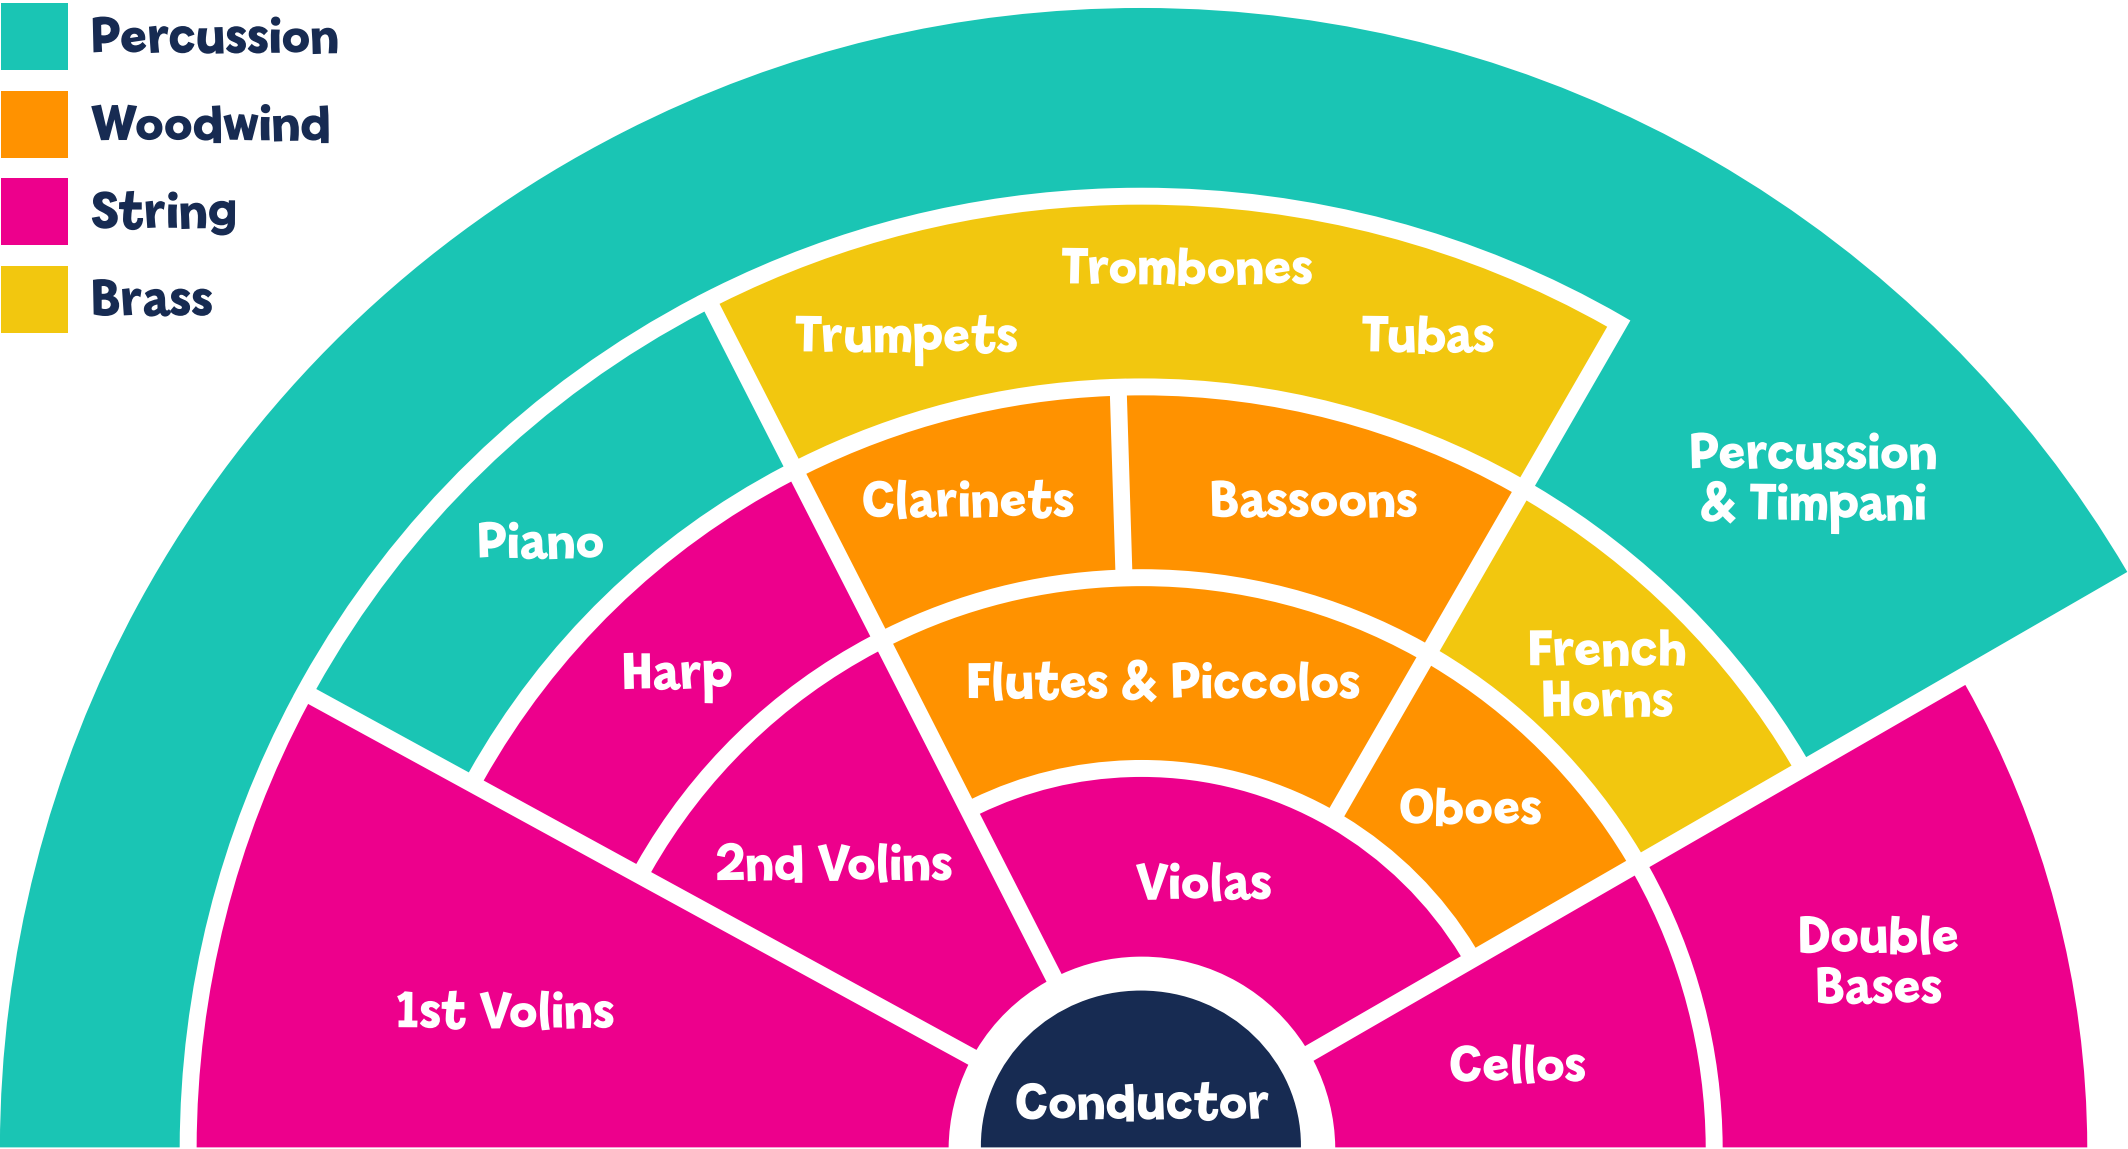

Fancy an added challenge?

- Use the black and white set and draw pictures of the instruments on each card or have a go at making your own set.
- Colour code the black and white cards to show which family the instruments belong to; string, woodwind, brass or percussion.
- Use the blank cards and see if you can label them correctly from memory.
