

# Origami Pirate Hat

Follow the instructions below to make a hat fit for a pirate.

## What You Need:

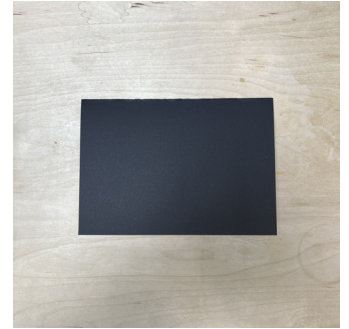

- A sheet of black paper
- A sheet of white paper
- Scissors
- Glue
- A pencil
- A black marker pen

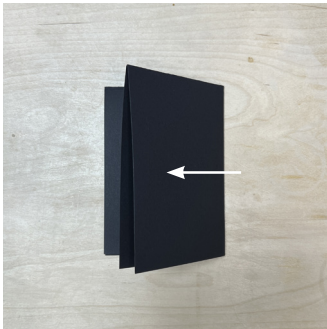

1. Fold your paper in half to make a rectangle.

2. It should look something like this.

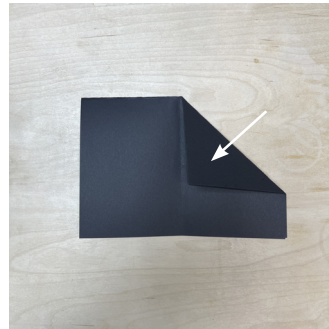

3. Turn your rectangle anti-clockwise.

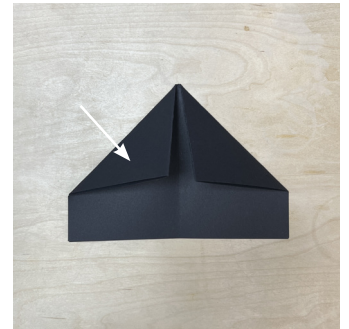

4. Repeat the step and fold your paper in half again.

5. Once it has been folded tightly, open your paper back up.

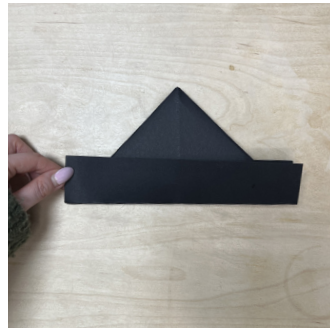

6. Fold in the top right corner so it lines up to the middle.

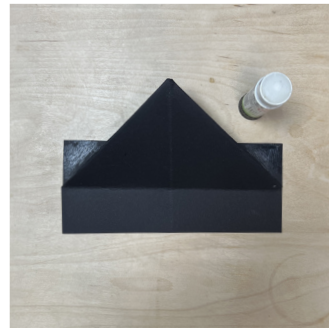

7. Fold in the top left corner so it lines up to the middle and joins.

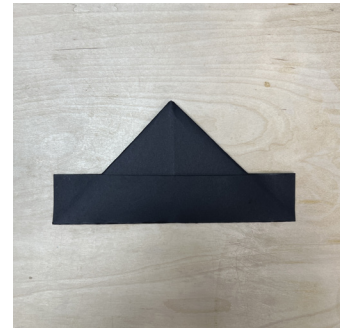

8. To make your brim, fold the bottle upwards on each side.

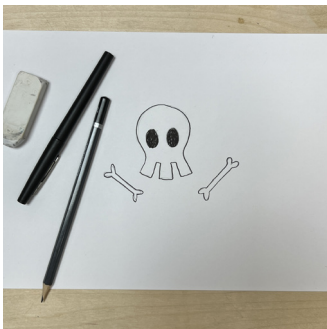

9. It should look something like this.

10. Glue the corners and secure the brim. Hold until it has stuck down.

11. Your hat creation is complete, now it's time to get decorating!

12. Draw out whatever design you would like your hat to have.

13. Cut out the design using scissors.

14. Stick down your design on your hat using glue.

15. Now you have your very own pirate hat! Arrr!
