Origami Toads - Page 2

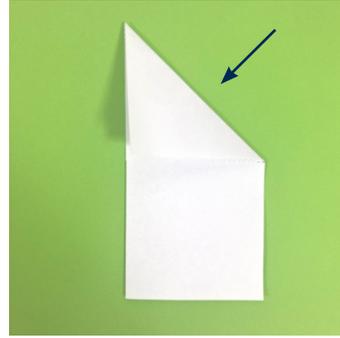

Print out page 1 before following the instructions below.

1. Cut out the square on page 1 by cutting along the dashed lines.

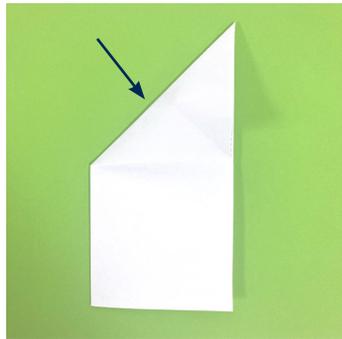

2. Fold your square in half to make a rectangle.

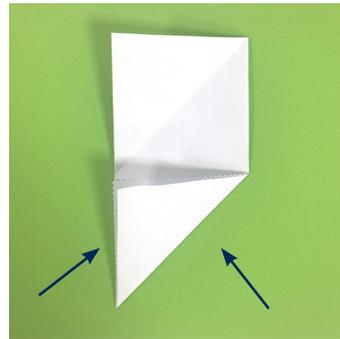

3. Fold the top right corners in to meet the rectangle edge.

4. Fold the corner back out again.

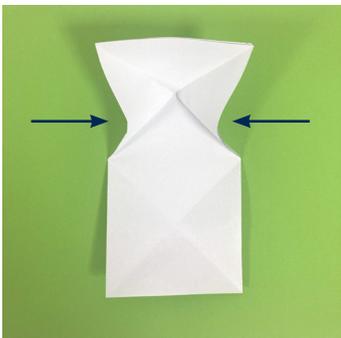

5. Fold the top Left corners in to meet the edge and back out.

6. Do the same with the bottom corners as well.

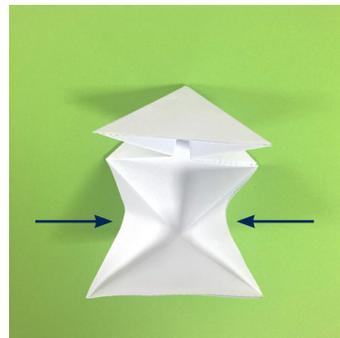

7. Fold all corners back out again.

8. Pinch the top sides into the middle.

9. Fold the top down to make an arrowhead.

10. Pinch the bottom sides into the middle.

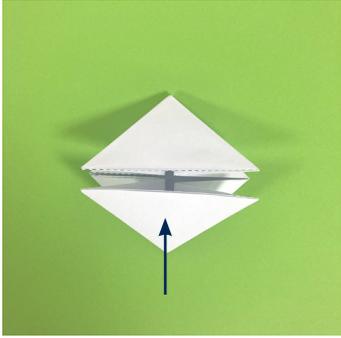

Find the rest of the instructions on the next page!

Origami Toads - Page 3

Continue the steps on this page to finish your origami toad.

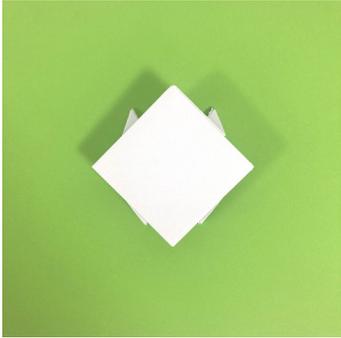

11. Fold the bottom up to make another arrowhead.

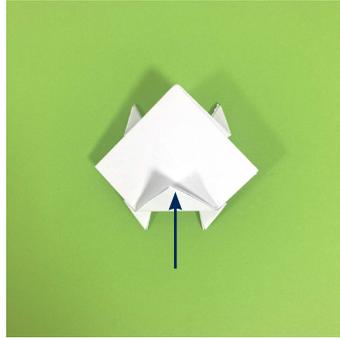

12. Fold the two top arrowhead corners up to make legs.

13. Do the same with the bottom arrowhead corners.

14. Turn your toad over.

15. Fold the bottom corner of the toad's back up to the middle.

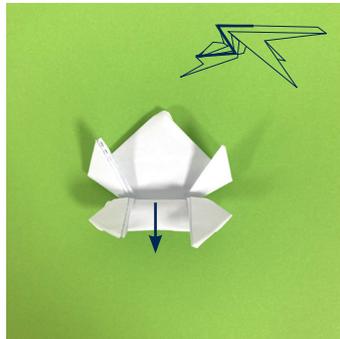

16. Fold both side corners in to meet the bottom of its back.

17. Fold the toad's back legs and bum under its front legs.

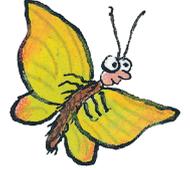

18. Turn your toad over.

19. Fold the bottom legs down on themselves to make a 'z' from the side.

20. Turn your toad over and push its back/bum down to make it hop!
