

Pizza Bingo

Bingo with a cheesy twist! Cut out the blank pizza cards and give one to each player. Players must draw 8 different toppings on their pizza. The leader then uses the Call Out sheet on page 2 to call out toppings and players must cross off the toppings they hear. The first player to cross off all of their toppings and complete their pizza wins!

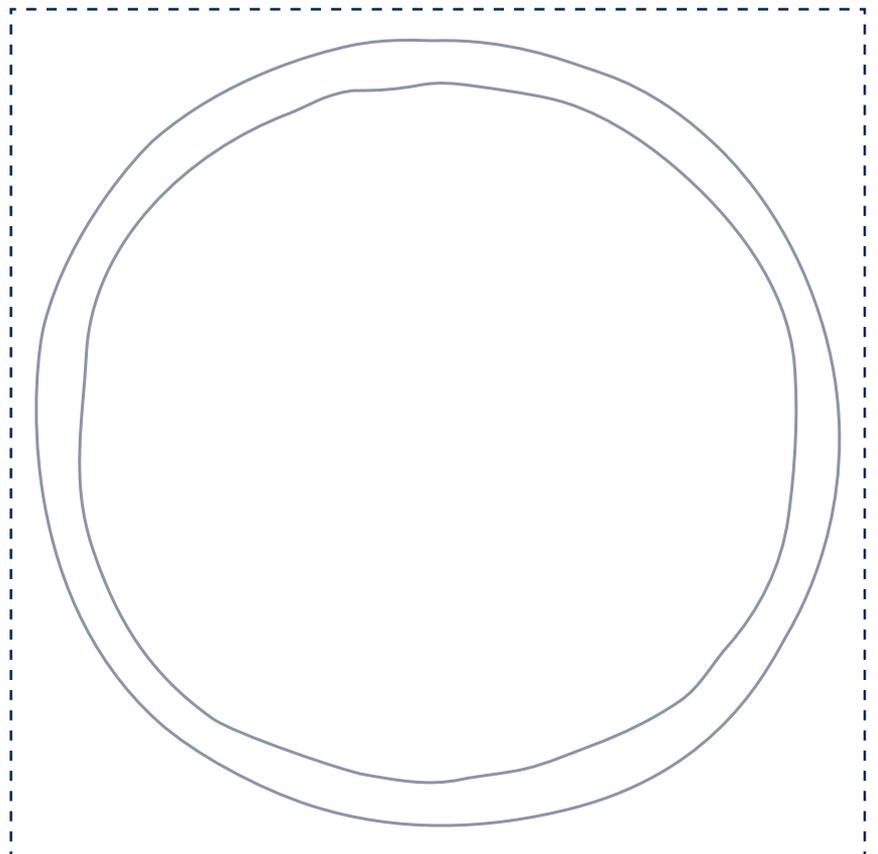

Show the players the Call Out Sheet (on page 2) before they draw their toppings so that they know which toppings might be called.

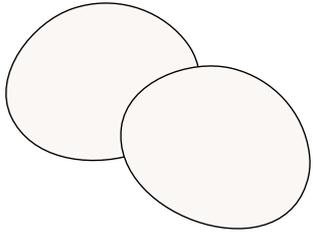

More players?

Print this page as many times as you need to get enough cards for the amount of players you have.

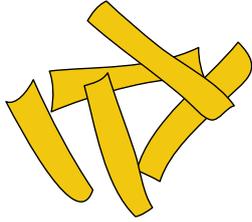

Pizza Bingo Call Out Sheet

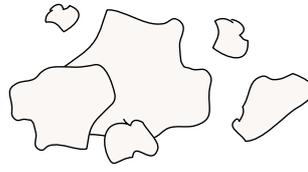

This sheet is for the leader, teacher or parent starting the Pizza Bingo game. Show the players all of the toppings before they play and then call out a topping one by one until somebody wins. Make the game more challenging by describing the toppings instead of naming them.

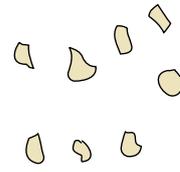

Mozzarella

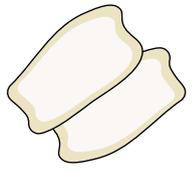

Cheddar

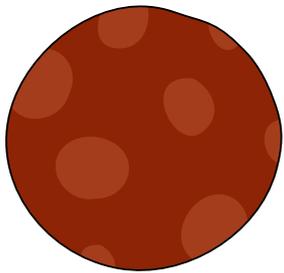

Feta

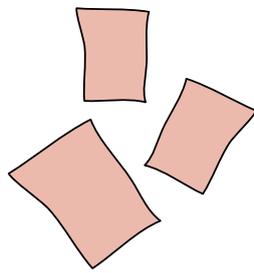

Parmesan

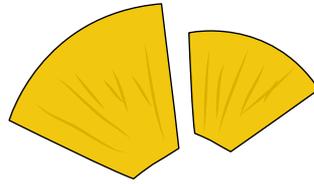

Brie

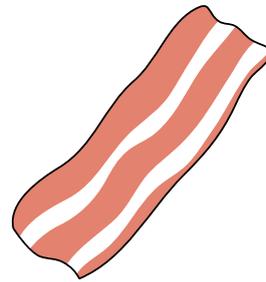

Pepperoni
