

Popcorn Box Template

It's show time! Follow the instructions to create your very own popcorn box! Fill with popcorn or a mix of your favourite snacks and enjoy whilst you watch an On Stage performance.

Piece 1

Method:

1. Print pages 1 and 2 out on card for a sturdy box.
2. Decorate your box with craft materials of your choice.
3. Cut down the solid lines around the edge of piece 1 and piece 2 (not down the dashed lines or around the bottom of the stars).
4. Fold tab 1 backwards, match up the circles on tab 1 and piece 2, then glue the tab to the underside of piece 2.
5. Fold along all dashed lines, keeping stars on the outside.
6. Fold tab 2 behind and match the two squares together, then glue together.
7. Fold the bottom square, tabs 3, 4 and 5 up into the inside of your box and glue together.

Here's an Idea!

Why not put your name on your popcorn box so that you don't mix it up with someone else's?

Popcorn Box Template - Page 2

It's show time! Follow the instructions to create your very own popcorn box! Fill with popcorn or a mix of your favourite snacks and enjoy whilst you watch an On Stage performance.

Cut down this edge to attach it to tab 1, then fold.

An extra challenge!

Have a go at drawing your own popcorn box net, making sure all of the tabs fold in and match up correctly.

Why not use this resource as an extra craft activity towards earning your Cinema Challenge too?
