

PUMPKIN TRAIL

Halloween is going to feel a little different this year so let's make sure it still feels fun!

Use a black pen to create a face on your pumpkin (scary or not, you decide!) then colour it in and get all your neighbours to do one too.

Display them in your windows and create a community trail around your local area for everyone to enjoy.

While you're out and about on your pumpkin trail tag us in your adventures and share your photos with us on social media. Find us @PawprintFamily on Facebook and Twitter and @Pawprint_Family on Instagram using #AdventureForAll.
