# Spin A Pumpkin Game

## To play:

1. Cut out all the playing pieces and lay them out in the centre of the circle so all players can reach.
2. The youngest player spins first, then take it in turns around the circle.
3. Spin and land on the wheelbarrow to collect your 'My Pumpkin Face' game-play card and start play.
4. When you land on a pumpkin feature, collect one playing piece and add it to your pumpkin face. If you land on a feature that you already have you can swap it for a different playing piece of the same feature. **The first player to collect all 5 playing pieces and complete their pumpkin face is the winner.**
5. If you land on the sad pumpkin, do not collect any playing pieces or remove anything from your playing card.
6. If you land on the leaves, the wind will blow all your playing pieces back into the centre of the circle and you must start again.
