

Sugar Skull Colouring Sheet

Colour in the headdress and then create your own sugar skull design.

You can use any colours for your design but each colour has a special meaning: red is used to represent our blood; orange to represent the sun; yellow to represent the Mexican marigold (which represents death itself); purple is pain (though in other cultures, it could also be richness and royalty); pink and white are hope, purity, and celebration; and finally, black represents the Land of the Dead. dayofthedead.holiday/sugar-skull/the-meaning-and-importance-of-sugar-skulls
