

Zoo Challenge

We're going to the zoo! Are you coming too?

It's time to stalk and squawk, flap and fly as we explore the wonderful world of the zoo. From cold arctic ice to tropical jungles, what will you see?

For even more programme ideas check out our 'Zoo' board over on www.Pinterest.com/PawprintFamily

Meet the FAMILY

Hi there! We're Charlotte & Jamie, the husband and wife team behind the Pawprint Family and we believe in #AdventureForAll.

It's our mission to help leaders, teachers and parents save time by providing ideas and opportunities to help them deliver everyday adventure and skills for life. We do this through our family of brands; find out more below and head to the website for your next adventure!

*PAWPRINT BADGES

Pawprint Badges provides thousands of free activity ideas and resources to help leaders, teachers and parents deliver fun and adventure.

Every activity helps you share skills for life and is linked to one of our pawesome embroidered badges. Build your collection and celebrate adventures, new skills and knowledge gained.

*PAWPRINT TRAILS

Pawprint Trails are treasure-hunt style walks around locations in the UK. Solve puzzles, track down the answers and explore everything our great country has to offer.

From historical sights to popular culture discover something new or rediscover a love for where you live then collect the badge to remember your adventures!

Whether you're looking for the perfect addition to your next family holiday or a few hours of fun with friends; each trail can be completed in a few hours or extended with our activity suggestions in to a weekend or a week's worth of fun!

*PAWPRINT TALES

Pawprint Tales are fully illustrated stories that can be enjoyed by the whole family. Join Alfie (our fox-red Labrador) on his adventures around the UK – solving puzzles, turning detective and making new friends. With twists and turns, every tale is an opportunity to discover new places, people and history without needing to leave the comfort of your own home.

Enjoy Pawprint Tales alongside your Pawprint Trails or as a standalone adventure!

*PAWPRINT TRUST

Every brand in the Pawprint Family supports the Pawprint Trust with a percentage of profits from every sale providing grants to young people. We're passionate about enabling young people to access life changing adventures.

Share your adventures and join us over on our social channels for even more adventures and a nosy behind the scenes at Pawprint HQ!

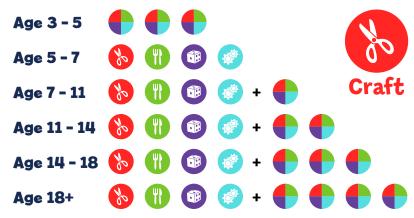

HOW TO: Use Your Challenge Pack

This Challenge Pack has been divided in to 4 sections: Craft, Food, Games and Other. In order to help you provide a balanced and varied programme for your young adventurers we recommend that the following number of activities are completed by each age group:

Food Games

Other

PIC

Leaders, Teachers & Parents

Award yourselves a badge for supporting your young adventurers in their activities!

TOP TIPS

- Adapt activities as necessary to meet your needs.
- Add your own activity ideas or develop them into projects.
- Use what you have; don't buy in lots of new materials/equipment.
- No need to send us evidence, responsible grown-ups decide when the badge has been earned.
- One challenge badge can take as long as you like; from a few hours to days or even a full term!

Terms of Use

By downloading or purchasing this resource you agree to our terms of use as outlined below. As a husband and wife team we work hard to keep all of our resources and activity ideas available free of charge; we can only do this with your help.

Please Do	You May Not
Use this resource with your young adventurers.	Redistribute or sell this resource in any way, shape or form.
Direct people to this resource online by sharing our website links.	Upload this resource to a website for download.
Tell your friends/family/colleagues about us!	Copy or modify any part of this resource to share with others either for free or for sale.
Share photos of you enjoying your adventures with us on social media.	Use any text, graphics, content or fonts without our written permission.

If you are unsure or have any questions about these terms of use please email info@pawprintfamily.com

- Create your own animal puppet to tell an animal story.
- Design and/or make an enrichment toy for an animal/pet.

What?

In the zoo, keepers create all kinds of wonderful enrichments for animals to help develop their natural instincts. This could range from hiding food to building climbing frames and puzzle boxes.

- Write your own poem about an animal after reading the famous poem 'The Tyger' by William Blake or similar.
- Find out about the meanings of different animals in family crests then have a goat designing/creating your own.
- Make your own animal sculpture.

Did You Know?

The four lions at the base of Nelson's Column in Trafalgar Square, London were designed by Sir Edwin Lanseer and added in 1867. All sit in the same position, but are – to the surprise of many – not identical.

- Create your own paper plate spiral snakes.
- The collective noun for a group of elephants is 'parade'. Make your own elephant masks and parade in them.
- Giraffe's tongues are blue to prevent sunburn, mix up your own natural sun cream.
- Design a poster to raise awareness of an endangered animal.
- Create a postcard/photo album showing your day at the zoo.
- Get messy and paint your own animal using your hands. From chimp-hand-zees to p-hand-as!
- Knot your own paracord 'snake' bracelet.
- Paint faces and turn people into animals!
- Design your own zoo; what will you include? Where will you put certain animals? How will you ensure they are happy?

T Food

- Flamingos get their colour from the food they eat. Find out what they eat and see if you can cook something up with them.
- The average camel can drink 200 litres of water in 3 minutes. Find out how much water you should be drinking and record your daily intake for a week. Did you do better or worse than you thought?

Did You Know?

Camels don't actually store water in their humps, they store fat. They use their fat reserves when food is scarce but they can go for long periods without water.

- Make your own curly hot dog snakes, wrapping bread dough around a hot dog on a skewer then cooking over a fire. Use olives for eyes!
- Giraffes can eat up to 34 kilos of leaves per day, make a leafy green soup of your own.
- Giraffes are one of the largest (in size) pollinators. Find out which foods rely on pollination.
- Create your own hot dog/food concession stand and attend an event to raise money for your unit/charity.

For Leaders...

Don't forget to check out the latest Health & Safety guidance for running a pop-up food stand and ensure your working areas meet the standards.

- Palm oil is impacting the habitats of many animals, making some like Orangutans endangered. Find out which foods contain palm oil and try shopping sustainably. Can you find suitable alternatives?
- Make some edible animals with foods of your choice. Why not try your hand at fruit and veg carving?
- Bake a marble 'tiger'/'zebra' cake.
- Find out what food your favourite animal eats.
- Reduce your waste and limit the amount of pre-packaged foods you buy. Can you find local places to 'bring your own' tubs/containers?
- Create your own edible cake or biscuit zoo with a variety of animals.

Games

PAWPRINT **BADGES

- Play a game of pairs, can you match the animal footprint to the correct animal?
- Lions are characterised for bravery, strength and leadership, demonstrate these skills by organising and leading a game of choice.
- Play a game of 'My Zoo Trip'.

For Leaders...

Based on the 'Giant's House' game. In teams, young people should use only their bodies to create a freeze frame of an enclosure at the zoo. For each round the leader should call, "When I went to the zoo, I saw..." the sentence should then be completed with an animal of choice. Young people then have 3-5 minutes to create their enclosure, complete with habitat. Leaders judge each group and award one point for the best team.

- Giraffe legs measure 1.8 metres which is the same length as their necks. Starting with this height, have a game of limbo.
- Play the fishing game but be careful not to catch yourself a turtle. Use our free resource to help you.

How?

Cut a variety of fish shapes and a smaller number of turtle shapes from coloured paper. Attach a metal paper clip to each. Create your rods attaching a magnet to string and tying it to the end of a stick. Use your rod to catch the fish but be careful not to snag yourself a turtle.

For Leaders

Why not talk about sustainable fishing and where our food comes from.

- Have a competition to see who can stand on one leg, like a flamingo, for the longest.
- A group of giraffes is called a 'tower'. Compete in groups to build the tallest tower you can from materials of your choice.
- Snakes have no eyelids so don't blink, hold a staring competition.
- Have a giraffe water hole relay. Without using your hands, transfer water from one bucket to another using plastic cups. Try holding the cup in your mouth and scooping water, bending like a giraffe.
- Play a game of sleeping lions.

Other

- Read 'The Tiger Who Came To Tea' and host your own tea party.
- Many yoga poses are named after animals...have a go!
- The 12 signs of the zodiac are animals, find out what their characteristics are and which year you were born in.

For Leaders...

Why not use some of the activities from our 'Chinese New Year' packs for some zodiac inspiration. You could even complete a few more activities and earn two badges!

- Find out the collective nouns for different groups of animals and also what their babies are called.
- Have a go at dying a Chrysanthemum by leaving a white flower in water mixed with food colouring.

Why?

Flamingos are brightly coloured because of the food that they eat. This easy experiment shows you how that happens.

- Discover where different animals come from and pin them on a map.
- Can't get to the zoo? Bring the zoo to you and invite someone to bring along some interesting exotic animals or some cool creepy crawlies!
- Flamingo comes from the Spanish word 'Flamenco' meaning fire, because of their colour. Flamenco is also a style of dance, have a go!
- The collective noun for owls is a 'parliament'. Take part in/hold a debate about zoos, do you think they're a good or a bad thing?
- Raise funds and adopt an animal at your local zoo or wildlife park.
- Visit or sleepover at the zoo.
- Watch an animal/zoo themed film.
- Read a story that includes some of the animals on your badge.
- Imagine an animal has escaped from the zoo, create a newspaper article, tweets or role play a TV news bulletin announcing the news.

Adventure Complete?

Reward your young adventurers with their Zoo Challenge badge to mark their achievements! Head to the website to bag yours, download certificates and discover even more adventures!

Create a Keepsake!

Experienced adventure? Made memories? Then it's time to create a keepsake! Our Pawprint Family camp blankets are the perfect place to sew your badges and look back on them for years to come.

Personalise it!

Got your camp blanket? Then it's time to make it yours! Our alphabet badges are **big, bright and bold...**the perfect addition to your camp blanket, hoodies, bags and more. What will you personalise first?

Even More Rewards!

We're all about added value here at Pawprint Family. In addition to the 1000s of **free activity ideas** and resources you'll find **loyalty stickers** in every order and you can claim Children's University learning hours too!

Subscribe to the **Tribe News** for all the latest adventures direct to your inbox!
