

Make your own bunting as an alternative to balloons for a celebration. You could even recycle wrapping paper to make your bunting bright!

For leaders

You can make this activity easier for little ones by using a hole punch to make holes in the top of each bunting triangle. Threading string through the holes is a great fine motor skill activity. For older ones use recycled ribbons from birthdays past and if you're feeling super creative recycle old clothes and sew your bunting with a sewing machine.
