

Make your own eco-bricks and build a structure or some seating with them. Find out more at: www.ecobricks.org

For leaders

An Ecobrick is a plastic bottle packed with used, clean and dry plastic to make a building block that can be used over and over again. Ecobricks can also be packed with other un-recyclables that are toxic to the environment (i.e. styrofoam, wires, small batteries, etc.). (www.ecobricks.org/what/)
