

# Make a bee and bug hotel for the garden

## For leaders

For younger groups cut the bamboo to length and pre-cut pieces of wood, teach them to use electric screwdrivers or hammer and nails for construction. With slightly older groups why not let them have a go using saws to cut their own materials or 'bee' more adventurous and let them design and make from scratch using a selection of materials.

## Age 14 - 18

## Age 5 - 7

## Age 7 - 11

## Activity details

### This activity counts towards...

- Bee Challenge
