

Race against the clock in a pollen collection relay

Here's an idea

Place bowls filled with popcorn at one end of the room and teams set at the other in their 'hives'. Take it in turns to 'fly from the hive' and collect a piece of pollen (popcorn) from the other end of the room then race back. Make it harder by placing obstacles in the flight path. The hive with the most pollen at the end of the game wins.

Age 14 - 18

Age 5 - 7

Age 7 - 11
