

Street food is different in each country; in some it is more popular than others. Pick a country and do some research, then create a street food dish for others to try. Present your findings in a fun way and share with a group.

Here's an idea

You could present your findings as a song or a dance! Why not tie this in with World Thinking Day celebrations and find out what life looks like in the country you are researching? There are lots of great websites to help you find out what a typical day in the life of a child looks like in different countries.
