

# Make your own jelly worms and chocolate soil

## For leaders

You can make jelly worms using plastic straws and some ready mix jelly. Tie a bunch of plastic straws together and stand them on end in a glass. Mix your jelly and pour into the ends of the straws until they fill up. Once filled, stand in the fridge to set. When the jelly has set use some warm water to release your jelly worms from the straws and mix with your chocolate soil.

**Age 14 - 18**

**Age 3 - 5**

**Age 5 - 7**

**Age 7 - 11**
