

# Find out about different types of drumming and have a go at one of them.

## Here's an idea

Maybe you could visit a local drumming group or invite them to come and talk to you. You could even practice as a group and take part in a local parade/carnival!

## Why?

Crabs communicate with each other by making drumming noises.

## Age 14 - 18

## Age 3 - 5

## Age 5 - 7

## Age 7 - 11
