

Create your own stop motion animation telling the story of a naughty elf's mischief in the night.

For leaders

This might sound more complicated than it has to be. If you're lacking in digital knowledge and skills why not get your young people to set up stills, take photos with a disposable camera and create a flick book. If you fancy getting techy then why not download an App (there's plenty out there) that will put your film together for you, all you need is the imagination!
