## Christmas Festive Lanterns

Your lantern could look like this when you're done!

### You will need:

- 1 jam jar (empty and clean)
- Coloured tissue paper
- PVA glue
- Paint brush/glue spreader
- Scissors or a craft knife
- Newspaper/cutting mat
- Template (see following pages)
- T-light/small candle
- Black string (optional)

### Ages 3-7:

Using scissors, cut out some of the shapes on page 1 and stick them on your jar.

### Ages 7-14:

Have a go at cutting out the template on page 2 using scissors or a craft knife.

### Ages 14-18+:

Cut out the templates on page 3 using a craft knife or have a go at creating your own silhouette.

### Instructions:

1. Cover the table with a cutting mat or newspaper.
2. Tear/cut your tissue paper into small pieces about 2cm square.
3. Stick your tissue paper onto your jam jar, covering the whole thing. Make sure there are no holes/gaps in your tissue paper layer. You could mix your colours or use one colour across the whole jar.
4. Choose which template you are going to use from the following pages.
5. Cut out your shapes/silhouette using scissors or a craft knife. For the smallest adventurers cut out a selection of shapes for them to choose from.
6. Stick your shapes/silhouette onto your jam jar with a thin layer of PVA glue, over the top of your tissue paper.
7. Allow to dry.
8. Place candle inside jar and light.
