

"Progress is impossible without change, and those who cannot change their minds cannot change anything."
George Bernard Shaw

Resource

Recycling Badges: Plastic Free Snap

You will need:

- Snap card templates (see following pages)
- Printer
- Paper/Card (old cereal boxes will do)
- Laminator (optional)

To Make Your Cards:

1. Print your snap cards of choice on to plain paper or thin card.
2. Stick the templates on to old cereal boxes to strengthen OR laminate the cards so they can be reused time and time again.
3. Cut out the cards along the dotted lines. You're ready to play!

Instructions:

All ages should discuss plastic free/eco swaps, why we should make them and what type of alternatives there are. The alternatives given here are not exhaustive.

- Shuffle the cards and deal them out evenly between players. Placing the last card, face up, in the centre.
- Take it in turns to place a card, face up, on top of the pile. When you spot a pair, place your hand on top of the pile in the middle and shout 'SNAP!'
- The player who claims all the cards wins.

Easy Cards:

- Snap = 2 identical cards showing the original and the eco-friendly swap.

Hard Cards:

- Snap = an 'normal' item PLUS its eco-friendly version/swap.

Alternative play:

- Use the 'HARD' cards to play pairs. Give each person in the group one card.
- Without talking and not showing anyone your card, find your pair.

Special thanks to Victoria (@Recycle_afc) for sharing this resource idea with us.
