

Pasta Snakes and Ladders

A twist on the traditional Snakes and Ladders board game. Have fun sliding and climbing around the board to the finish. It's pasta-bly the best board game ever!

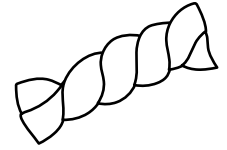

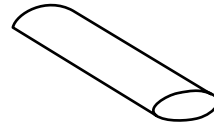

How to play:

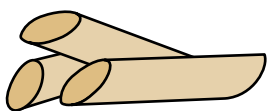

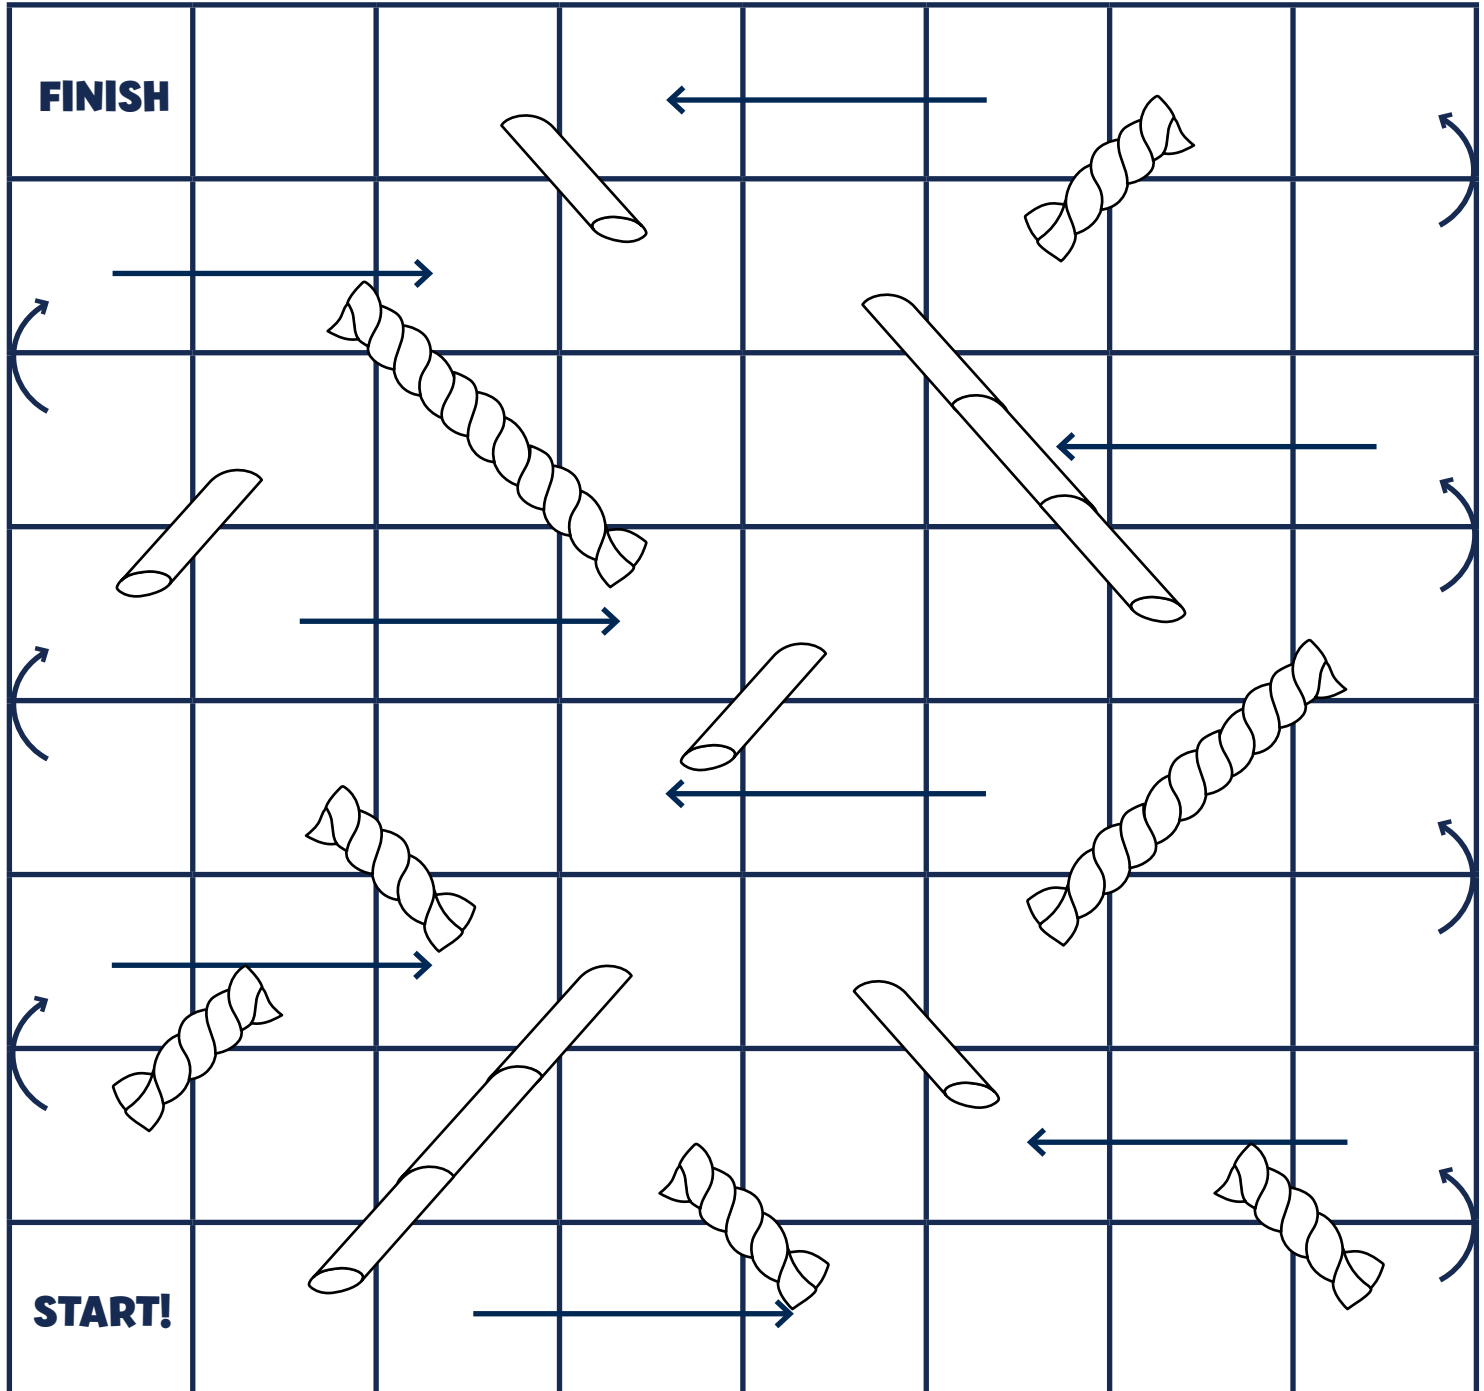

1. Place your counters on 'Start'.
2. Take it in turns to roll the dice and move your counter the number of spaces that you roll (e.g. rolling a 3 would mean you have to move 3 spaces).
3. Win the game by reaching the 'Finish' square first!

Rules of the game:

The person who rolls the highest number on the dice gets to play first.

Slide down the penne. Climb up the fusilli.

Why not use two different pasta pieces for each of your counters?

Here's an idea!
