

# Stick the Plaster on Zog

Learning how to fly when you're a dragon can be tough! Take on the role of Princess Pearl and stick the plasters on Zog. Make it into a game by blindfolding players and getting them to 'pin the plaster'.

"Zog went off to practise,  
flying fast and free.

He soared and swooped,  
and looped the loop...

then crashed into a  
tree."

Cut the plasters out and stick them to  
Zog with glue or double sided sticky tape.
