

Big Dig Puzzle

Print out the jigsaw pieces, cut them all out and piece your relics back together again, just like an archaeologist or paleontologist. Cut each piece into quarters for a more challenging puzzle.

Why not count this towards your Big Dig Adventures badge?

Here's an Idea!

Once you've cut them out, why not laminate your pieces and hide them in soil? Then your adventurers can have their own 'Big Dig' to retrieve their relics. You could even turn this into a race!
