

Peter Rabbit™ Garden Markers

Design your very own garden markers to help with planting fruits and vegetables. You'll have a patch like Mr McGregor before you know it - just be sure to keep an eye out for Peter...

You will need:

1. Printed pages from the Peter Rabbit Garden Markers resource.
2. Scissors
3. Card
4. Laminating sheets
5. Super glue
6. Lollipop sticks

To make your garden markers:

1. Stick each page onto card.
2. Add your own drawings to the cards - you can use one of the pre labeled cards or come up with a fruit or vegetable of your choice - based on what you are planting in your garden.
3. Laminate your cards.
4. Cut out your laminated cards.
5. Use super glue to attach a lollipop stick to the back of each card.
6. Leave to dry.
7. Plant your fruit and vegetables of choice and use the markers to help you to remember where you have planted them.
